

2021 Highlights

OUR IDENTITY

We renamed our organisation to “6 Degrees Network for Women” with a new multifaceted approach to support marginalised women.

6° AS A SOCIAL ENTERPRISE

6° Ventures B.V. was set up to support the commercial activities for the organisation.

RETURNING TO NEPAL

Debbie and Gita were able to go back to Nepal in March and November 2021 after a two-year gap due to the pandemic.

OUR PROJECTS

- 42 Musahar families received emergency food packages during the 2nd lockdown.
- Evolving organic vegetable farm with the new greenhouse for monsoon farming, supported by our local partner.
- 8 women continued their driver training programme once the pandemic eased up.
- Triodos Foundation is sponsoring our economic skills development programme for the Musahar women.
- An MOU was signed with our value-aligned partners for the eco soap factory.
- The second Pay-it-Forward activity focusing on social empowerment where the women from our various programmes joined each other for a picnic, sharing personal experiences and learning from each other.
- We raised a significant amount of money for the social empowerment programme for the Musahar community.

Roadmap 2022-2025

Our focus will be on developing an Eco Village, together with the Musahar community from two neighbouring villages and our local partners so that they can sustain themselves and sell the products on the market to generate income to support their families and community. All the activities that make up the Eco Village form an integrated ecosystem.

What we learnt

1. Involve the community and the women in our decision making. Listen to their ideas and integrate them in our planning and strategy.
2. Ensure the community and the women take ownership of the projects and operation. This will increase the level of success of our projects.

Thank you!

Once again, we would like to say a heartfelt thank you to all our sponsors, donors and our fantastic team for your strong support and belief in us and we look forward to 2022 and all the exciting projects that are underway or planned. We hope we can count on your continued support so together we can continue to empower more women to realise their economic and social potential.

Gita Debbie
